

Emergency Supply Kit Checklist

Be prepared for any emergency. Assemble an emergency supply kit with items to take care of yourself, your family and your pets for three or more days. Keep your kit in sturdy and easy-to-carry backpacks or duffle bags. Depending on the situation, you may be told by authorities to shelter-in-place (stay inside) or evacuate with your kit. The following checklist will help you put your kit together.

WATER and FOOD

- one gallon of water per person, per day, plus water for pets
- ready-to-eat canned meats, fish, soups, beans, vegetables and fruits. *Choose foods that need little or no cooking.*
- salt, pepper, sugar, spices
- powdered milk, tea, instant coffee
- high-energy snacks: nuts, protein bars, trail mix, peanut butter
- comfort foods: granola, dried fruits, cookies, crackers, hard candy, cocoa
- foods for infants, individuals with special needs and pets
- paper cups, plates and plastic utensils
- camp cook kit or pans
- manual can opener
- aluminum foil, plastic wrap

Rotate the food in your supply kit regularly. Some foods should be used within six months, such as powdered milk, dried fruits and crackers. Other foods will keep for up to one year, such as canned soups and meats, fruits, vegetables and juices, peanut butter, jelly, hard candy and canned nuts. Foods that can be stored indefinitely (in air-tight containers away from heat) include vegetable oil, dried corn and wheat, baking powder, soybeans, instant coffee, tea and cocoa, salt, rice, bouillon products and dry pasta.
