

Thank you for registering for the 2021 Virtual Leadership Summit!

We look forward to seeing you on March 24 and 25. Here are a few tips to make your experience a positive one.

- We will be utilizing a platform called Remo for the Leadership Summit. You can check it out at <https://remo.co/> (Please note: The address really is .co – NOT .com).
- Chrome, FireFox and Safari are the browsers you can access Remo on. Remo does not operate on Internet Explorer and Explorer is no longer supported by Microsoft. Tablets and iPads are not supported and will not work with Remo.
- When logging into the system, remember to “Allow” your computer/Remo access to your computer camera and microphone.
- To troubleshoot any issues, you can go to the Remo site: <https://help.remo.co/en/support/solutions/63000148262>
- During the event you can access help by visiting the help desk on the show floor, or by clicking on the “need help?” icon in the lower left of your screen.
- When accessing the Summit, you will need to enter the same email address at login that you used to register.
- When you enter the Summit, you will be automatically placed at a table. You can move from one table to another by double-clicking on an empty seat at the table where you would like to move.
- When you enter the Summit, please turn on your camera and microphone so you can network with other attendees and exhibitors before and after the event and during the breaks.
- During speaker presentations, you can communicate with other attendees via the chat feature to the right of your screen. Please use the Q&A feature in the same location to submit questions to the presenter and LifeSpan/Beacon staff.
- The last session each day will be an interactive exercise. We will ask you to move to a pre-assigned table where you will alternately view the presenter leading the exercise and interact with the others at your assigned table. Each table will identify a note taker and someone who will report on what the table discussed (this can be the same person). Instructions will be shared when it is time to present.

We look forward to seeing you at the Summit!
